Result of the Tag Work.

The teams reported the following re-
sults on Friday:

1—F. W. Cary, 3980 2320
2—R. C. Barker, 1000 4315
3—E. C. Barker, 1175 2335

8—C. M. Williams, 50 2445
9—H. F. Parker, 335 2880
10—J. M. Lee, 150 1510

When it was announced at the Ther-
mos fund headquarters Friday noon
that the fund had been increased \$3,
490, bringing the total up to \$17,720,
there was great enthusiasm, for it
showed that the work of the teams had
exceeded the work which was done be-
fore they took hold. The teams up to
that time, or rather, the teams which
had been working, had raised the sum
of \$13,230 had been raised before they
were organized, so that there
promises to be quite a little in favor
of the team work before they finish on
Tuesday night.

There remains but \$17,720 to be
raised now, and there are 13 days, in-
cluding today and two Sundays, in
which to do it. No big subscription
has been made, but the teams which
would cause the bell to sound, but in
the evening at the meeting of Court
City of Norwich, No. 63, P. O. of
the fund of \$108 was voted in the Thermos
fund.

The reports of the several commit-
tees of the fund, which were made at
the meeting, showed that the fund was
in a very good position. The com-
mittees were gathered about the tables,
and upon the suggestion of J. C.
Macpherson a day for justification after
the fund of \$108 was voted in the Thermos
fund.

City of 50,000.

General Chairman W. F. Hill ad-
dressed the meeting again and pre-
sented the report of the committee on
the fund of \$108. The cause, he said, is
a just one, and a new Norwich will result
in a city where the business men will
show a profit at the end of the year;
a city looking forward, and not back-
ward; a city that will be known the
world over; a city that will be a
banner year in the history of the
city, a year that will not be forgot-
ten. The glory of it will be due to the
men and women of this city, who will
show a profit at the end of the year;
a city looking forward, and not back-
ward; a city that will be known the
world over; a city that will be a
banner year in the history of the
city, a year that will not be forgot-
ten.

Opportunities come to all men, but
all men do not grasp them. This is an
opportunity that we should grasp. The
American Thermos Bottle company is
ours, bottled up so tight that the whole
world cannot get it away. But we
must show a profit at the end of the
year, and we must show a profit at the
end of the year.

Reference was made by C. H. Has-
kell to the gift of \$1 by Henry Bro-
wn, a member of the Central Baptist
church, who had given a gift of \$1
a week and having a wife and eight
children to support, declaring that he
had given the gift of \$1 a week, and
in the city had failed. He was given a
rousing cheer.

A meeting of the team captains fol-
lowed, and the teams were organized
nearly an hour. It was announced at
the meeting Friday that Rev. P. C.
Wright will speak at the Central Baptist
church Sunday evening on We Boon
Norwich.
